DÉCIDE, PAR LES PRÉSENTES:

WHEREAS: the use of intoxicants has been demonstrated over time to be the greatest contributor to ill-health, disorderly conduct, nuisances and breaches of law and order on the Wunnumin Lake First Nation Reserve, thereby threatening the present and future peace, health and well-being of the community and its residents;

AND WHEREAS: combating the destructive impact of intoxicants in an effective manner in our particular community requires special measures tailored to its unique location, traditions, character and composition;

AND WHEREAS: the inhaling of the vapours of gasoline, solvents, cements and other substances poses a very serious threat to the health and safety of our young people and similarly requires that special measures be taken for their protection;

AND WHEREAS: the geographical isolation of the Wunnumin Lake First Nation Reserve effectively bars speedy access to Judges or Justices for the purpose of obtaining judicial authorizations for certain investigative or enforcement measures considered necessary for effective enforcement of By-Laws concerning intoxicants, including search warrants;

AND WHEREAS: effective enforcement of many of the provisions of this Intoxication By-Law requires a speedy response to prevent destructive of evidence, escape, avoidance of prosecution and the like;

POINTS OF ENTRY ONTO THE RESERVE

- WHEREAS: it is fundamental to the health, safety, security, peace and order of the Reserve that its Intoxication Control By-Law be effectively enforced;
