By-Law # 8

8th

The Council of the West Bay Band of Indians at a meeting this 8
day of MAY, 1968 make the following By-Law pursuant to paragraphs
(A), (F), (L), (Q) and (R) of Section 80 of the Indian Act.

8 By-Law No. N-68

Whereas it is necessary to regulate, control, operate and maintain the construction of any building sewer drain from the building or other structure to the main sewer in the West Bay Indian Reserve No. 22.

Therefore the Council of the West Bay Indian Reserve No. 22 enacts as follows:

1. In this By-Law

- (a) "band" means the West Bay Band of Indians
- (b) "Council" means the Council of the West Bay Band of Indians.
- (c) "Owner" includes a person who occupies or resides on any lands as a locatee, tenant, licensee or permittee.
- (d) "Service connection" means the service pipes, fittings and necessary appurtenances constructed or installed or that may be laid by the water commissioner to the lot line or building line of the applicant pursuant to an application for sewer services under this By-Law and includes any replacement or extension thereof made at any time from time to time.
- (e) "Sewage Commissioner" means the person designated as such by the Council from time to time; and
- (f) "Sewage system" means the sewage system and pump system laid, constructed or installed on West Bay Indian Reserve and any extension or replacement thereof made at any time or from time to time and includes all service connections.

2. Prior to the construction of any building sewer, the owner or installer must make application to the Council on the form provided.

3. The owner shall assume full responsibility to insure that the building sewer as constructed from the lot line to the building is laid true to the proper line and grade and that proper materials are used as specified by any By-Laws respecting plumbing.

4. The owner must also ensure and be responsible for the proper elevation of the basement in regard to the existing or proposed main sewer elevation to insure that all basement drains will be properly drained to the main sewer.

5. Prior to backfilling of any building sewer the work shall be inspected and tested by authorized personell.

- 6. Such authorized personell shall insure that no rock, stone or other material in excess of 3 inches in diameter is within 6 inches of the bottom, top or sides of the sewer pipe.
- 7. The provisions of the Trench Excavators Protection Act, Statutes of Ontario 1954, and amendments thereto, and all regulations made thereunder shall not apply to a trench where the work therein is done only by the owner thereof in person and only on his own designated property.
- 8. The owner of land on which it is proposed to excavate a trench, as defined in the Trench Excavator's Protection Act, 1954, or if a contractor or owner, in addition to the information required under Section 6 of the Trench Excavator's Protection Act, Statutes of Ontario 1954, shall give 24 hours notice in writing to the Trench Inspector or Superintendent of the Band of the proposed excavation of a trench and no excavation of a trench shall be made until such notice and such information has been given.
- 9. No sewage, water liquid or any other material shall be discharged into the building sewer until such time as approval in writing has been given by the Water Commissioner.
- 10. At the time of application for sewer service the owner of
 - (a) residential property shall pay to the Council the sum of \$20.00 toward the cost of construction of such sewer service.
 - (b) commercial property shall pay to the Council the sum of \$40.00 toward the cost of construction of such sewer service.
- 11. All such services shall be laid from the existing sewermain to within 3 feet of the building line.
