By-Law
No. 4A

The Council of the Kitimaat Band of Indians at a meeting held this
twelfth day of December 1941, make the following by-law
pursuant to paragraphs (f), (l) and (r) of Section 80 and paragraphs
(b) and (f) of Subsection (1) of Section 82 of the Indian Act.

BY-LAW NO. 4

A by-law to provide for the extension and maintenance of the Kitimaat
Reserve waterworks system.

1. In this by-law

(a) "council" means the Council of the Kitimaat Band of
Indians;

(b) "inspector" means a person designated by the council
as a water services inspector;

(c) "owner" means a member of the Kitimaat Band of
Indians who occupies any premises on the Kitimaat
Indian Reserve;

(d) "permit" means a permit issued under section 2 of this
by-law;

(e) "premises" means a house, multiple dwelling house,
business block or other building constructed or under
construction;

(f) "waterworks system" means the water mains, service
pipes and fittings now laid and constructed and
includes the water mains, service pipes and fittings
which may be laid and constructed.

2. (a) Any owner who requires a supply of water from the waterworks
system shall apply to the council in the form prescribed.

(b) The council shall, if it approves the application, issue to the
owner a permit authorizing such owner to make, subject to the conditions
contained therein, a connection to the waterworks system.

3. Where an owner is issued a permit he shall

(a) lay and construct or cause to be laid and constructed, at his
expense, at a depth of at least two feet below the surface of
the ground such pipes not exceeding 3/4" in diameter and

fittings which, in the opinion of the inspector, are necessary to convey water from the waterworks system into his premises, and

(b) install such taps, pipes, fittings and fixtures in, under or about his premises which, in the opinion of the inspector, are necessary to control the water.

4. No owner shall be entitled to have water conveyed to his premises from the waterworks system unless the inspector has approved the installation and connections and such owner has paid to the council a service fee of 50¢ for the turning on of the water.

5. (a) The water conveyed to the premises of any owner from the waterworks system shall be used by the owner of such premises for domestic purposes only unless the council otherwise consents in writing.

(b) No owner or person shall use the water conveyed from the waterworks system to the premises of such owner for other than domestic purposes unless the council has otherwise consented in writing.

6. Every owner shall, at his expense, repair and maintain and keep repaired and maintained all pipes, fittings, taps and fixtures that he has laid, constructed or installed or has caused to be laid, constructed or installed for the purpose of conveying water from the waterworks system into his premises.

7. (a) The inspector may enter the premises of any owner connected to the waterworks system from time to time for the purpose of inspecting the pipes, fittings, taps and fixtures.

(b) If the inspector is of the opinion that the pipes, fittings, taps and fixtures in the premises of any owner are defective or are in need of repair he shall serve upon the owner of such premises an order to remedy the defect.

8. (a) The order shall allow and fix a reasonable time within which the owner is to comply with the direction or directions contained therein.
(b) The inspector shall be the final judge as to whether the direction or directions contained in the order have been complied with.
9. (a) If the owner fails to comply with the order within the time specified therein, the inspector shall make a report to the council.
(b) The council may direct that the supply of water to the premises referred to in the order be turned off until such time as the owner thereof has complied with the direction or directions contained therein.
10. Where the owner complies with the direction or directions contained in the order the council shall, upon payment by the owner of a service fee of 50¢, direct that the water be turned on to the premises of such owner.
11. (a) The council may for the purpose of repairing and maintaining the waterworks system or laying and constructing additions to or extending the waterworks system shut off the water supply to the premises of any owner for such period of time as it considers necessary.
(b) The council or any member thereof shall not be liable for any damages that may result to any premises or to the owner of such premises from the turning off of water.
12. All service fees collected by the council pursuant to this by-law shall, when required, be expended by the council for the extension and maintenance of the waterworks system.
13. The council may prescribe such forms and notices as are required for the purposes of this by-law.
14. (1) No owner shall lay, construct or install or cause to be laid, constructed or installed any pipes, fittings, taps or fixtures for the purpose of conveying or controlling water from the waterworks system unless such pipes, fittings, taps or fixtures have

been approved by the inspector.

(2) No owner without

(a) a permit, or

(b) the authority of council

shall tap or make any connection with or interfere with the water-works system.

(3) No owner or person shall interfere with or attempt to interfere with the inspector when performing or attempting to perform his duties under this by-law.

15. Any owner or person who violates any of the provisions of this by-law shall be guilty of an offence and shall be liable on summary conviction of a fine not exceeding \$10.00 or imprisonment for a term not exceeding seven days or both fine and imprisonment.
